Our Learning

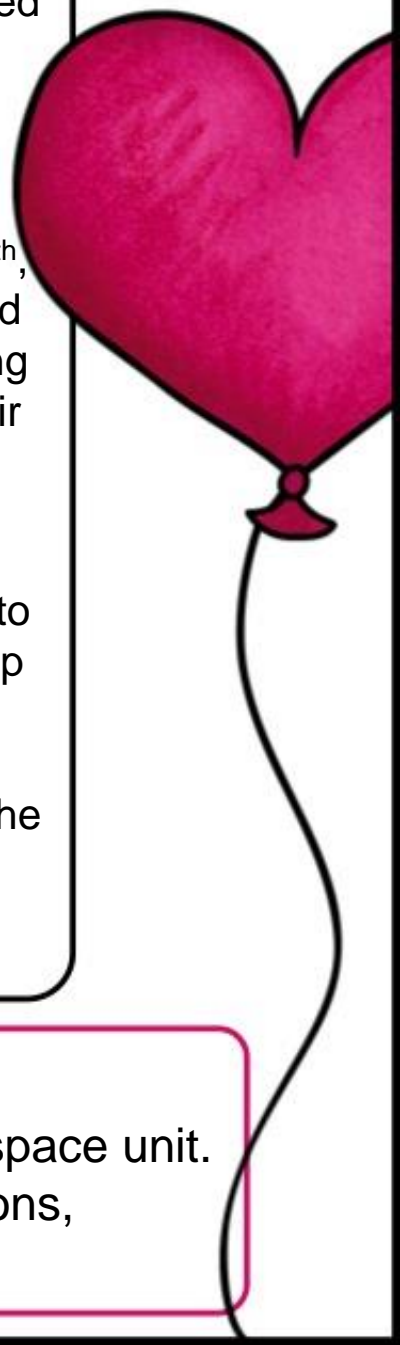

All students are learning about the 1950s! I am having a blast with this unit!

Mon / Wed groups will be starting an animal / zoo project this month. Tue/Thur will be doing a space unit.

Reminders

Advocating for gifted students is something I am extremely passionate about doing. On Feb. 27th, Gifted students and educators are going to Jeff. City for their annual Gifted Advocacy Day.

I am also wanting to start a parent group to help provide resources for our unique learners! The parent group will focus on PARENT needs!

Wish List

We will need recycled materials for our zoo and space unit. Items include small plastic items, egg cartons, shoeboxes etc.
